

surface care solutions

Fila Industria Chimica Spa via Garibaldi, 58 - 35018 San Martino di Lupari (PD) - Italy. Tel. +39 049 9467300

FIRST WASH EXTRA STRONG

PREPARE

MATERIALS

- Porcelain and Ceramic tiles
- Tumbled Marble
- Acid resistant Natural Stone
- Terracotta

WHAT IT'S FOR

Removes grout, adhesive and installation residues.

ADVANTAGES

Does not alter the material's appearance or colour.
Does not emit harmful fumes.
Does not harm profiles and parts in aluminium and steel.

HOW TO USE IT

Dilute FIRST WASH EXTRA STRONG 1:10 - 1:5 (e.g. 0.5-1.0 litre in 5 litres of water) depending on the level of deposits to be removed. Spread the solution over the floor with a cloth and leave to act for 5 minutes.

Using a green pad work the solution over the surface. Vacuum or wipe up residue.

Rinse with plenty of clean water. If some areas are still slightly dirty, repeat the wash with a more concentrated solution.

A second application may be necessary or remaining residues could be due to polymer. In which case clean with TILE & STONE STAIN REMOVER for Porcelain, Ceramic and Unpolished Natural Stone.

CAUTION

- Before cleaning tiles, perform a preliminary test on their resistance to the product.
- Wear gloves when handling the product even if diluted.
- Do not use on polished stone, i.e marble/limestone or natural surfaces that can be sensitive to acid, such as slate.

COVERAGE

- Terracotta: 20 m² diluted 1:5
 - Porcelain: 40 m² diluted 1:5
 - Natural Stone: 35 m² diluted 1:10
- Coverage shown is for guidance purposes only.

PACKAGING

1 Litre
250 ml

TECHNICAL FEATURES

Appearance: liquid

Odour: pungent with floral fragrance

Density: 1.12 kg/l

pH:1,5

Storage temperature: from 5° to 30° C. Temperature for application: from 5° to 30° C

Contains: non-ionic surfactants less than 5%, phosphates 15% or over but less than 30%, Other components: perfumes, Hexyl Cinnamaldehyde

SAFETY INDICATION

Keep out of the reach of children. Do not disperse into the environment after use.

The product is classified as dangerous under Regulation 1272/2008 (CLP) and subsequent amendments and supplements. For information regarding safety, please reference the safety data sheet.
