Ideal Home

collection

Meet the 20-piece capsule collection in partnership with Ideal Home, marrying the latest tile technology with classic, stylish finishes and materials.

Embodying the cosy nature of warm toned neutrals, this collection introduces timeless shades of white, beige, brown and terracotta mixed with muted shades of green, blue and charcoal.

The collection is balanced with textured porcelain in slate, marble and wood effect and rustic zellige effects to suit a range of projects of various sizes across the home.

This look book has been designed to help inspire tiling pairing options to complete the look.

To shop, click on the individual tiles throughout the look book to see more information and the full range available.

TANJIN

Inspired by classic zellige tiles and their unique undulating surface finish and handcrafted feel. Thanks to its sleek rectified edge, you can tile this range 3mm apart and mix and match across the colours to create checkerboards, stripes and geometric designs.
